* P25 system NAC 167

Adjunct Frequencies:

* W2SO VHF 147.255(+) PL 107.2Hz
* SIMPLEX 147.420

ARRL Self-Guided Emergency Communication Course EC-001-S is Now Available On Demand

11/21/2019

ARRL's EC-001-S online "Introduction to Emergency Communication" course is now available to students in an on-demand format, allowing students to register for the course and begin work at any time. This course is designed to provide basic knowledge and tools for any emergency communications volunteer. In response to the great course demand and to expand access to EC-001, ARRL developed a self-guided version of the course, EC-001-S, which launched in June. This version of the course is designed for those who prefer to work independently and who do not need guidance from an online mentor. EC-001-S was previously offered only during specific sessions along with the traditional mentored version. The course opened for general enrollment on November 6.

Visit the ARRL Online Course Registration page for more information and to register.

What's New In EMCOMM?

This is an example of something you might want to have for remote operations (no base or mobile). It has several types of connections for Powerpole, binding post,as well as USB. Also has voltage monitoring for a 30ah lifepo4 battery.

THE ECAR DISPATCH

Monthly Meeting Location
Erie County Emergency Services
Training and Operations Center
3359 Broadway - east of Union

Have you visited ecarham.org yet??

Erie County ARES/RACES AUXCOMM is a volunteer communications group of FCC Licensed Amateur radio operators who are highly trained, motivated and are organized to provide communications in support to the County of Erie Emergency Services and other NGO's during times of disasters or when a need for enhanced communications and experience arises.

Join us on our net on Sunday's at 19:00 on the ECAR radio network OR come out to our meeting and say hi, we meet the second Monday of every month except for August at Erie County's Cheektowaga EOC. 73...

The Western New York Emergency Net is held every Sunday at 19:00EST on 146.865/443.525Mhz; except for the 3rd Sunday which is on the 443.975Mhz Orchard Park repeater.

We're always looking for something for the newsletter!!!!

Do you have a story, news, project or review that you would like to share with the group?

We are still looking for stories and information related to amateur radio and emergency communications to provide in the monthly newsletter that is put out to the membership to keep them informed.

Please keep it to under 500 words and please include any links to resources pictures or other information you want to include with the story.
